Tax considerations

The following considerations will help define which type of payment will fit the applicant's purposes best.

- "Scholarship": to be used for tuition, fees and materials (books, supplies and equipment) required for courses at a college or university only. As a scholarship to be used for tuition, fees and materials, the income is tax free.
- "Scholarship": to be used for living expenses while attending a college or university. Although tuition and related expenses are tax free, income used for living expenses is considered taxable income. Tax forms will be provided to all awardees, as required. Withholdings range from \$0 (tax treaty) or 14% (appropriate student VISA) to 30% for non-U.S. residents.
- Supplemental awards and scholarships that are directly paid by a club or district will follow the tax regulations of their taxing authority.
